🪪 About me

Frontend developer with experience in building webapps based on React.js and Pure HTML + CSS + JavaScript. Successfully completed **10** unique projects, each one having its own set of accomplished challenges. Love to experiment with modern technologies, promote Open Source and an *Occasional Blogger*. Looking forward to starting my journey as a frontend developer at a company which will not only challenge me but help me develop my skillset further.

💼 Professional Experience

Software Intern, *NINtec Business Consulting LLP* 🔗
Jan 2019 – May 2019 | Ahmedabad, India
- Wrote code on .NET Core platform using Visual Studio, Entity Framework and MS-SQL.
